

NPSG Meeting – 13 November 2025

Present – Richard Stowe (Chair), Russell Reeve, Mick Watton, Ann-Marie Watton, and Ben Bethell (HCC Clerk)

1. The group spent time discussing the background and issues encountered over recent months. The group noted their sadness that the NPSG has lost some significant members and that there will be additional challenges as a result.
2. The policy surrounding land owners, developers, and stakeholders was discussed. The policy was worked through as attached and will be ratified (if agreed) at the next regular meeting.
3. The FW Properties presentation will be attended by all those who can. It was agreed that this is an appropriate approach as it offers the group chance to understand the proposals in suitable environment.
4. It was agreed that the planned November meeting would be cancelled owing to there being several apologies and a re-arranged date to be agreed.
